10.2 Where Service Provider engages another processor for carrying out specific Processing activities on behalf of Customer, the same data protection obligations as set out herein and the Agreement or other legal act between the Parties shall be imposed on that other processor by way of a contract or other legal act under applicable law. Where that other processor fails to fulfil its data protection obligations, Service Provider shall remain fully liable for the performance of that other processor's obligations.

## **14. Disposal**

Promptly after the end of the provision of services relating to the Processing of Personal Information by Service Provider on behalf of Customer, or such earlier time as Customer requests, Service Provider shall, at the choice of Customer, delete or return to Customer or its designee (in such data format as Customer may reasonably specify) all Personal Information and delete existing copies, unless applicable law requires storage of the Personal Information.
