**RELX is a global provider of information-based analytics and decision tools for professional and business customers, enabling them to make better decisions, get better results and be more productive.**

Our purpose is to benefit society by developing products that help researchers advance scientific knowledge; doctors and nurses improve the lives of patients; lawyers promote the rule of law and achieve justice and fair results for their clients; businesses and governments prevent fraud; consumers access financial services and get fair prices on insurance; and customers learn about markets and complete transactions.

Our purpose guides our actions beyond the products that we develop. It defines us as a company. Every day across RELX our employees are inspired to undertake initiatives that make unique contributions to society and the communities in which we operate.

We operate in four market segments:

## RISK

**11,800 employees**  
**Full year revenues of £3.5bn**

Risk provides customers with information-based analytics and decision tools that combine public and industry-specific content with advanced technology and algorithms to assist them in evaluating and predicting risk and enhancing operational efficiency

## SCIENTIFIC, TECHNICAL & MEDICAL

**9,700 employees**  
**Full year revenues of £2.7bn**

Scientific, Technical & Medical helps advance science and healthcare by combining high-quality, trusted scientific and medical information and data sets with innovative technologies to deliver critical insights that support better outcomes

- RELX serves customers in more than 180 countries and territories and has offices in about 40 countries. It employs more than 37,000 people, around 40% of whom are in North America
- Full year revenues of £9.6bn in 2025. All business areas performed well producing underlying revenue growth of 7%, and underlying adjusted operating profit growth of 9%. Market capitalisation is about £37bn
- Our improving long-term growth trajectory continues to be driven by the ongoing shift in business mix towards higher growth analytics and decision tools that deliver enhanced value to our customers. We develop these products by leveraging deep customer understanding to combine our unique content and comprehensive data sets with advanced technologies
- More than 12,000 technologists, over half of whom are software engineers, work at RELX. Annually, the company spends \$2bn on technology
- In the 2025 company-wide employee opinion survey, employee net promoter scores reached record levels as did employee engagement
- We performed well on our corporate responsibility priorities in 2025, on our unique contributions to society, and on our key metrics
- Our performance was again recognised by external agencies: RELX achieved a AAA MSCI rating for a tenth consecutive year, ranked in the top 1% of over 14,700 companies globally by Sustainalytics, and was included in the S&P Global Sustainability Yearbook
